

## IBERIABANK Corporation Announces Common Stock Repurchase Program

LAFAYETTE, La., May 10, 2018 /PRNewswire/ -- IBERIABANK Corporation (NASDAQ: IBKC) ("IBKC"), holding company of the 131-year-old IBERIABANK ([www.iberiabank.com](http://www.iberiabank.com)), today announced that the Board of Directors of the Company authorized the repurchase of up to 1,137,500 shares of the Company's outstanding common stock. This repurchase authorization equates to approximately 2% of total shares outstanding.

Daryl G. Byrd, President and Chief Executive Officer, commented, "The recently approved repurchase program is our tenth plan to date, all executed in a timely manner and at what we believe to be advantageous pricing. Since the start of 2016, through a combination of share repurchases and dividends, we have deployed over \$194 million of capital for the benefit of our shareholders. Establishing the newly authorized share repurchase plan provides us the flexibility to continue managing our capital as opportunities become available in the most highly efficient manner."

The Company completed nine share repurchase programs between 2000 and 2018 totaling approximately 3.6 million common shares. At the time of acquisition, the shares repurchased under those programs had an aggregate investment value equal to approximately \$155 million and a weighted average cost of approximately \$42.61 per common share acquired (adjusted for the five-for-four common stock split paid on August 15, 2005). The time required to complete those repurchase programs ranged from nine months to two years.
